

10 September 1959

MEMORANDUM FOR: Legislative Counsel

SUBJECT: S. 2582 - A Bill to amend the Federal Property and  
Administrative Services Act of 1949, relating to  
transfers of excess property

1. I have received the following comment from the Chief,  
Supply Division, OL, with respect to subject law. It appears that  
no action on the part of this Agency is required since we will not  
be directly affected by this proposal:

"The proposal will not have any impact on Agency activities.  
This proposal is intended to provide the Administrator, GSA  
with the authority to establish reimbursement rates for  
transfers of excess property items controlled within Agency  
working capital funds. Heretofore, the reimbursement rate  
for such transfer was controlled by the full value price of  
the items as reflected in the records of the transferring  
agency.

This opinion has been coordinated with Deputy Chief for  
Purchases, Procurement Division and verified by telephone  
communication with a representative of the Property Utilization  
Section, GSA."
